### Minnesota Mandatory Inspection Program Update

**\*\*\*Please pass this update to all Certified Inspectors\*\*\***

**<http://msp.dps.mn.gov>**

#### **Inspection Report Form:**

The inspection report and information form are available on our website.

#### **Manual:**

The manual has been updated and may be downloaded from the website.

#### **Provider List:**

The provider list is available on our website.

#### **2013 Decal Order Form**

The decal order form is on our website. **Decals are the property of the inspector, not the company.** All other forms are also available on our website.

#### **Change of Address or Employment**

Inspectors must inform the State Patrol immediately of a change of address or employment, by filling out a change of address or employment form. Failure to inform the State Patrol will result in suspension of the inspector's certification. (The form is on our website.)

#### **Recertification Classes**

The Mandatory Inspection Program inspector certification is valid for 2 years from certification or recertification date. Inspectors must recertify before the expiration date to maintain an active status. If you do not recertify before the expiration of your certification, your certification will be canceled and you will not be able to perform inspections or order decals. You may reactivate your certification within six months following your expiration date by attending a recertification class. Recertification classes are offered at a variety of locations statewide. See our website for locations and contact information. If you do not reactivate within six months following the expiration of your certification, your certification will be revoked and you will have to attend a certification course to have your number reinstated.
